Editor's Message

Hello to all and hoping that issue 14 finds everyone well. In the great state of Wisconsin winter is just around the corner which means for us northern members more time indoors and more opportunity to delve into our hobby of encased. It will be easier to find time to scan mail bids, identify mavericks, get our collections in order, label and identify new acquisitions, catch up on mail, look over our collections, crack open a reference book or two, scan the internet and so fourth.

The NATCA national at Collinsville in August turned out to be a fun show. ACE members Phil Bressett (Racine), Jerry Panfill (Milw) and I made the trip. There was plenty of neat stuff to look at and dealer to dealer sales were strong. Collector sales were down from 97 Omaha but it was a successful show. Phil and I sold a variety of Exonumia and Jerry added to his Wis. good for collection and purchased several neat encased. We met about 15 ACE members and all were enthusiastic about the hobby and all were interesting to talk too. Its always nice to talk the hobby and share information. Adjacent to our table was the table of ACE

member Norris Wahl (IA) who seemed to have a very brisk business. We did manage to converse between customers and I did have a chance to see Norris' encased collection which was not for sale. Norris has one of the finest encased collections in the mid-west if not the entire U.S. Norris keeps his collection in 3 1/2 x 3 1/2" boxes and uses the larger cardboard flip. His collection is placed by date of the coin so all of his Indians are together. Norris looks for the higher grade, problem free specimens, truly he is a discriminating collector/ dealer. ACE members will benefit from Norris' collection for he offered any of his pieces to be used for photographing, if needed for the upcoming books. A gesture which is appreciated.

Our ACE meeting went well with the usual informal discussion of various topics. As for producing an ACE encased, Chuck Burger (NE), Larry Edell (KA) and Randy Partin (FL) all thought it was a worthwhile endeavor provided that the project would be self-supporting. This of course for the obvious reason (our treasury is a shoe string operation).

Rather than asking for entire membership support and many small loans, M. Allen (MN), Phil

Bressett (WI) and yours truly will borrow the money and then as sales take place the loans will be reimbursed. Any monies after cost will go into the ACE treasury for further encased production. It was decided to produce an ACE encasement honoring the hobby and if that "pans" out produce one from each state featuring a major happening or topic partial to that state. Production numbers and sales will determine how many. The thought is to eventually complete all the states within a 10 year period. Much like the quarters that the mint is doing. In this way ACE will be contributing to the hobby and hopefully draw future collectors.

The first will read, We All Have Our Hobbies/ Dedicated to Encased Coin Collectors/ Assoc. Collectors of Encased (ACE)/ founded 1995, Pleasant Prairie, Wis. or some version of this. It was decided to make a set of three, encasing a U.S. cent, a Canadian Cent and Panama centavo.(subject to change pending availibilty). As for the cost a set of three would sell for \$5.00 plus postage and be limited to 100 sets. The remainder will be singles made up of the U.S. cent only. Cost of these would be \$2.00 each plus postage.

Editor's Message, con't

The second encasement would feature Wisconsin and commemorate its sesquicentennial 1848 - 1998, 150th anniversary, exact wording to be determined. Again a set would be offered. (according to Chuck Burger, this is the only way to regroup cost and he is right) The set and cost is yet to be determined.

The third encasement will feature Minnesota, Land of the Vikings or something dealing with their new governor. Actual wording to be determined.

The fourth and thereafter will follow the Quarter release and the States shown on the quarter dollars. Here is where we need ACE member help, what would you like to see on the various states and more importantly on your state? Let us know.

Again, how far we go with this will depend on sales. Any profits will go into production of the next encased and ultimately into the ACE treasury. It sounds like it just might work, so stay tuned, more will follow in issue 15. Remember this all started from Steve Drake (NE) and Bill Waken (OK) and their suggestion that ACE should produce an encased. ACE may very well produce 51 different encased when its all over. Sounds interesting to say the least. JB

Membership

New members, ACE number, name, address and collecting interest and sponsor if known appears in the ACE Journal/Newsletter upon new

membership. Renewals name, ACE number and expiration number is also listed. ACE members are requested to contact the editor regarding any change in name, address, or other business. Membership is \$7.00 a year and commences upon paying dues and runs for 12 months from the time the dues is paid. The number behind the ACE number is when membership expires which coincides with the Journal/Newsletter number. The expiration number is also on the address label so be sure to renew when the expiration date is the same as the issue number.

NEW Maverick Listing

Members are encouraged to send encased mavericks to the editor but not more than 50 will be listed at one time unless there is available space for more. (mail bids are limited to 200 lots per issue) Members sometimes inquire about purchasing listed mavericks and a reply will be forthcoming only if the piece is for sale.

Mavericks are numbered and grouped with the first two letters of the surname or major topic. Each letter group will have its own set of numbers and each piece will also be numbered according to the order received.

Also, the issue number will follow the order number for easier future reference.

A maverick has no indication of town and/or state and in some cases even the issuing business is lacking.

Letters from Members

Enclosed please find my \$7.00 check to renew my membership. I really enjoy reading **THE CASEMENT**. It is a true labor of love on your part and we members appreciate it very much. I am pleased to learn that Harley Bissell will be cataloging Illinois and Indiana. I

will be sending him a list of my Indiana encased cents except for the Fankhauser pieces which Bryan has ably listed.

I have the following for attribution. Any help will be appreciated. If they have appeared in an earlier issue of **THE CASEMENT**, please send a postcard with the information. Thanks!

Will you be attending our Central States Fall Show in Harvey, IL., Sept. 11 - 13? Take care and have a good school year.

W. Ray Lockwood,
(Marion, IN)

Dear Editor,

Enclosed is my check for \$7.00 for dues for The Casement. It's an excellent publication that is nicely geared to the collector.

I'd like to commend Jim Lawniczak for the excellent job he is doing on cataloging the Ohio encased. He's doing a wonderful job and I encourage any members with Ohio encased to drop him a line.

Just a couple of notes on two of the mavericks listed in the August 98 **CASEMENT**.... Good Luck and keep up the good work.

T. Stahurski, (Seven Hills, OH)

Listed below are a few attributions of the August mavericks. I hear nothing but good comments about **ACE**, so you must be doing something that appeals to everyone. Please send a membership application. I'll make some copies and pass them out.

Al Zaika, (Bellmawr, NJ)

Letters from Members, con't

Thanks for a great magazine. You are a credit to the hobby. I still can't believe the prices realized from your last Club Auction! Twenty-Six dollars for just a couple of encased cents is really amazing compared to just a few years ago.

What you and **The Casement Journal** have done for encased collecting is just great. (Except when I'm trying to add a piece to my collection).

Please use the \$26. to extend my membership in ACE 3 years and a little extra for your mailing costs.

Best Wishes, Phil B.
(Racine, Wis.)

I really enjoy ACE. The members have been great in sending me information on Iowa encasements. The list is over 330.

If anyone would like the latest listing, all I ask for \$1.00 to help with postage, envelopes, etc. For \$1.50 I will send both Iowa and Nebraska.

I have enclosed an article I wrote for the publication, hope you enjoy it. Sincerely,

Steve Drake
6411 No. 77 St
Omaha, NE 68134-2127

Nice to see you at NATCA. I wish I had visited with you more. Hope you found some nice material. Would you please run my attached classified ad in **The Casement**. See you in Omaha in 99. Best. Larry O.(Kansas)

I've just received the August 1998 issue of "**The Casement**" with the Delaware encased listing and was surprised to see 75% (7 of 9) listings were mine. Although I believe that there are no more than two dozen known encased from Delaware, I am happy to volunteer to be the state cataloger.

Now that I am settled in from my (temporary) move from Delaware to Iowa, I would be happy to receive correspondence regarding additional Delaware encased listings at:

Andy Cosgrove
1143 Prairie View Dr.
West Des Moines, IA 50266-7515

I am writing to Jim Lawniczak as I guess that he contributed the other two Delaware listings (Both of which he out bid me on in recent mail-bid sales)!

Best Regards,
Andy

P.S. Membership prices are too low. "Paw Prints" (of which I am also a member) has 110-120 members is \$10./yr.

Love **The Casement** and find it informative. Also enjoyed the Club Auction and won several pieces. All were as described and was pleased with them, Thanks. Here is a list of Florida, Georgia and Washington D.C. that I have. Also, looked at a couple of pieces from a RI dealer and he asked if I could find out any info on pieces and value. I thought most were over priced. Thanks and waiting for the next issue of **The Casement** and to hear from you. Also would like to buy all back issues of **The Casement** if they are available.

Cecil Dennison

Many things already and **The Casement** just came.

1. I enclosed a note I received from Cecil Dennison. Can he buy all back issues of **The Casement**? Would you please write him and tell him whether he can buy them and if yes at what price? I sure appreciate it. The list is his list of Fla., Georgia and D.C. pieces.
2. As to the D.C. pieces, it looks like what you did was to make my first three bell types into one type (your type 1) they do all have the same obv. but different reverses, so using one type is probably OK). I do have a 1909 Lincoln which has the second reverse of your type 1. I also just noticed that the 1947D type 3 bell is different (slightly) than the 1958D and 1960D type). Maybe not enough to make it a different type. The design is a bit different.

3. I see there is no ACE member taking responsibility for cataloging Michigan. I would volunteer as there is over a year until that project comes up. I lived 12 years in Michigan (Ypsilanti and Ann Arbor) and went to college there.

4. Please use my Post Office Box instead of my home address in listing me as Ohio (and perhaps Michigan) cataloger -- it is much easier for me to get my mail there : P.O. Box 14465, Cleveland, Ohio 44114. By the way, you have the address wrong anyway --it's 14039, not 14049.
5. My bids in the ACE Auction are on a separate page.

Jim Lawniczak (Cleveland, Ohio)

I've photocopied some of my more interesting encased coins

Letters from Members, con't

for the ACE state catalogers. I've sent this to the catalogers for PA, OH, FL. As there is currently no catalogers for MO, NY, TX I'm sending this to you. As I go thru my stuff I'll find more encased and will photocopy & send to you.

Thanks for allowing me to participate as the cataloger for NH, ME, VT. This is a blast.

Regards, Dave Smith
P.S. including a copy of my current mail auction.

Enclosed you will find listings of Del, and Wash. D.C. that I have in my collection! I hope that these can help further our hobby. Also enclosed are some mavericks that I hope someone can help me to attrib. A note to all members, I need to have listings of your Penna. holdings!!!.

Thank you for starting this club! Your doing a fine job!

I will volunteer to catalog all West Virginia encased. This project is well along now thanks to my fellow WV collectors Bob Kirk and Donald Clifford. I would also like to thank Joel Reznick and Jim Hemphill for their contributions. If you have any WV in your files please forward them along. I would also like to ask all ACE members to please send me any listings of

WV encased you may have or know of. Thank you.

Here is a listing (in 2 parts) of my N.J. encased cent collection. You may use it in any future Casement Listings or in any future encased cent book.

Rocco DiGiacomo, (Mt. Holly, NJ)

Thought you might like this. (A neat Good Luck token engraved with your name and ACE number)

You are doing a great job! The Casement just gets better and better.

Best regards, Jim H.
(Spring, TX)

I just discovered that 4 pages are missing from my August Casement. They are the 4 center pages, #20, 21, 22 and 23.

I would like to have them to keep my set complete. But there is no hurry, so if you want to save postage, you can send them with the November Casement. That will be fine with me.

Check enclosed for my winning bids. I'm well pleased. Thanks a lot! Also thanks for all you do to make the club successful!

Sincerely, Charlie Crews, (Va)

Thanks for the nice encased and for the kind words about the Ohio listing. I had about 5 hours of conversation over the last month with Joel Reznick and now the Ohio listing is over 600. I suspect that there are 1000 Ohio encased maybe more.

Jim L. (Cleveland)

I am sending my check for items I won in issue #13.

I do appreciate the quick response and excellent handling of the auction proceedings.

Keep up the Good work.
Best regards, Lou S.
(Jacksonville, FL)

I certainly appreciate these club auctions. Gives me a chance to pick up encased from states that I don't have.

Thank You, Jack T. (Kan. City, KS)

I think the encasement for members would be a great idea.

Have given applications for membership to several New England dealers. Hope that's OK to reproduce. Thanks, Cecil D.

Letters from Members con't

Hope this finds you and yours in good health.

It's still as hot as blazes here, though we get much needed rain about 5 pm each day.

Please enter the following bids.....

Thank you and keep up the good work. The Casement has loads of information never published before. Best regards,
Lou S. (FL)

Thank You very much, very pleased with auction material, we appreciate your efforts.

Sincerely, Johnny S. (OK)

The American Museum of Atomic Energy

More on Tom Casper's issue 13 article: I have an encased dime, 1954 Roosevelt, blk letters, around the dime, it reads: American Museum of Atomic Energy-Neutron Irradiated. This is attached to a card that reads a little different then Tom's: The American Museum Of Atomic Energy, Oak Ridge, Tennessee Production of Radioactive Silver-110 This dime was placed near a source of neutrons for a short time. some of the normal silver atoms in the dime were struck by neutrons and were changed into radioactive silver-110 atoms. The radioactive atoms of silver have a half-life of

22 seconds. Through the emission of beta particles half of the radioactive silver atoms change into atoms of cadmium each 22 seconds. Pictured is a diagram of the four steps. Near the bottom it states: The radiation given off by the radioactive silver is so slight that there is no danger of injury. AEC, Oak Ridge, Tenn. Two interesting observations from Al Weinberg, Woodland Hills, CA

Two observations of probable interest to ACE readers.

Jim Lawniczak reports (pg 9) that an "original" 1893 Indian Head cent encased recently appeared in a Grinolds catalog.

As early as that is, it is not the earliest known "ordinal" encased cent.

I am convinced that honor goes to the Monte Carlo Dawson 25 cent good-for [Yukon Territory]. Even though it is technically a Canada token, it is of interest to both Alaska and Yukon Territory collectors and traditionally brings \$275-\$450, depending on condition. It contains an 1889 Indian Head cent.

Of moderate rarity (I'd say a dozen are known) it appears in VG-EF condition. The finest known, to my knowledge, is EF and is in my collection, ex-Hillel Kaslove collection, retired ANS and CNB curator.

All known specimens contain original, as struck 1889 Indian Cents. Probably new Unc. pennies when inserted into these post-1900 encasements. I've handled perhaps 6 of the dozen known.

A second "revelation". At the August Portland ANA, I was offered (and examined) an "outrageous" and previously unknown 1901 Indian Head cent chamberpot encased from the "Ruby Saloon Dunne Bros. Yuma, Ariz. Good for one drink". Same legend as on the 2-known (?) round celluloid 1901 Indian Head cent encased from the same turn of the century territorial saloon.

Hal Birt, Jr., Arizona researcher/cataloger, verified to me it is a newly reported rarity. One known at present.

The encased chamberpot I examined was barely VF with several noticeable scratches across the rt. side of the penny and into the legend of the aluminum encasement. I had to make an offer and offered what I thought was an outrageous \$505.

Guess what? The owner was only "fishing". He declined. Startled, I asked what amount he wanted. He responded "\$1,000.", obviously doubting my all-too-honest high offer (remember, it is a scratched-up low end very fine - no beauty). I declined. Heck, I wouldn't have paid \$550. \$505 was top dollar. But this "character" automatically doubled my offer. I'm no slouch in paying good prices. But this offended me.

What is the expression?
"There oughta be a law."

Hawaii Encased by Al Catz

Hi! Al Catz sitting in West Palm (FL) Airport awaiting morning flight back to Hawaii, home of many nifty, but alas hard to find encased cents!

Right before my 8/27 departure for Florida, pieces of an old and large collection of Hawaiian tokens became available from a local dealer. Collections of this magnitude do not normally surface on the open market once but every several years, and, although individual acquisitions were by no means cheap, the opportunity to add a piece or 2 to my Hawaiian collection was just too tempting to pass up!

Although I didn't have first dibs, I did manage to purchase (of the encased offered) a 1945 Smitty's Cafe Maxim, Honolulu, Oahu, T.H., horseshoe in XF+ or so (2EN-42 in Medcalf's Book on Hawaiian Tokens & Money). And, sadly, virtually pulled from my clutches, was a 1941 New Senator Hotel (2EN-35) in Unc!...a very scarce Hawaiian encased.

It was exciting, however, that I got to view several pieces that I had never actually seen before! Among them: 2EN-40, 1948, Sears Service Must Shine in '49 Keep Me Shiny; not described in the reference work is the fact that this particular encased is looped, uniface (no writing on reverse of encasement), and copper (or gilt-brass)...round, it is larger than the usual round encased perhaps

9.

40mm or so without loop. Overall, an unusual looking encased! I also saw a 2EN-29, 1941, The Lido Cafe...The Best Drink and Food in Town; in the book, it states that this piece was made from a wartime aluminum substitute. To me, it appeared to be a plated steel alloy, as this particular example exhibited some surface rust spots. Can't seem to recall, but this piece may also have been looped at top.

Unfortunately, the seller did not keep a record of the individual encased pieces within the collection; I understand that 6 or so others were sold that I didn't get a chance to see and report to you on in this article. Take care, Alan

Thank you from Peter Irion in behalf of TAMS

On behalf of the officers and members of the Token and Medal Society, I would like to thank you and the Associated Collectors of Encased (ACE) very much for your generous donation of the first 12 issues of THE CASEMENT to the TAMS Library. It is most certainly a very welcome addition to the Library, and I am sure it will be appreciated by all members.

From what I see in the recent token auctions and in various token newsletters and journals, the area of encased coins is growing in popularity (as well as in price). As far as I know, there are very few references available that discuss or catalog encased coins. Therefore your organization's bulletin is an extremely important publication.

It would be greatly appreciated if you could continue to send to TAMS any future issues of THE CASEMENT, and your offer to send them on a yearly basis would be great.

Again, I would like to thank you and ACE for your kindness to the TAMS Library, and I wish ACE continued success in growing and expanding the field of Encased Coins. If there is ever anything that I can do for you, please do not hesitate to let me know.

Sincerely, Peter Irion,
TAMS Librarian

A Letter from Duane H. Feisel, Sec. of NATCA, Calif. catalog on encased planned

First off, enclosed is my check and membership application form for ACE.

I had every intention of talking with you at the St. Louis show, but for whatever reason it never happened. I was pretty busy for most of the time, but there were times I had a chance to wander the floor. In any event, I wanted to let you know that the Western States Token Society (WESTS) has a current project to prepare a catalog listing of California encased coins. When I saw a sample copy of your August issue of The Casement, I noted that you are quarterbacking an effort to catalog encasements for the entire US. That will be quite a project, but the way to do it is just as you are doing it-get regional specialists involved to

Potpourri/ Information, con't

do the listings for their area.

WESTS sponsored a catalog of California (and incidentally Nevada) Food Stamp Credit Tokens which was published earlier this year. I don't know if you ever have seen a copy of that catalog, but it is 8 1/2 x 11", plastic spiral bound, card cover plastic protected, tokens and locations are heavily documented, and virtually every piece is illustrated. We are a non-profit educational organization, so that is how we are using the profits from our annual Token Jamboree. At a meeting this last August we decided the next project would be the encased coins of California. The anticipation is that we will eventually produce a listing, probably in the same format as the Food Stamp catalog, and it will have a completion date of January 2000.

Now, one thing that is vitally important is to have a listing format that is right. By "right" I mean something that is acceptable to collectors for ease of use, accuracy, completeness, etc., etc. I note that in the state listings you are publishing that there is absolutely no consistency in the listings. If you are going to eventually do a consolidated listing, you are definitely going to need consistency. And you need to start that consistency right now. When you attempt to do the nationwide catalog, you should don't want to try to then develop consistency for what might be 50 different listing formats!

At our WESTS meeting coming up in mid-October, we will be presenting a variety of possible listing formats to our members who attend to get their comments and reactions. Hopefully, we will settle on a workable format that will have everything going for it.

The person spearheading the WESTS effort is John C. Hoffman. I spoke with him on the telephone this evening and told him about ACE. He wants to become a member, so please use the enclosed SASE to send him a copy of the application form - please put in my name as "Recommended by" if you will. He is the one who is currently collecting listings and preparing the preliminary formats. We will appeal eventually to all the WESTS members for listings from them.

Anyhow, that's about it for now.

Best regards, Duane

Collecting an Encasement from the 50 States by Steven C. Drake

A person can collect encasements several different ways. Probably the most common ways are to collect the encasements from the state you live in, collecting different dates, and collecting an encasement from each state.

First, I will give a little background on how I started collecting encasements. A few years ago the Omaha Coin Club became the host of a national

token show held on Labor Day weekend. I was the show chairman for the show. I was not a token collector, but soon I would become active in the token area. There are some "die hard" token collectors in Nebraska. I realized soon that I was not going to be able to compete with these token collectors. At these token shows were always some encasements, prices seemed reasonable compared to some token prices. At that time in Nebraska, there were just 3-4 people that I would say collected encasements. After acquiring several Nebraska pieces, I decided to branch out in collecting encasements, so I decided to obtain an encasement from each state. I did not know what a challenge it would be to complete a "collection of the 50 states".

At the beginning of 1998 I needed nine more states. I told myself, this was going to be my year to complete the collection. In the National Token Collector Association (NATCO) monthly publication *Talkin' Tokens* I saw an advertisement from a person who lived in Alaska that had Alaska tokens and related items for sale. He listed an e-mail address so I wrote him e-mail, which was the first time I wrote someone relating to the hobby over the internet. The only other times I used the Internet was for work or to write my children at college. He wrote back saying he had a couple, so I wrote saying I would take both of them since I had a friend also collecting the 50 states. The Alaskan encasement arrived March 2nd. On March 10th, I received a Kentucky encasement

Potpourri/ Information, con't

that I had bid on in a Dick Grinolds auction, so now I needed 7 encasements.

Being a member of NATCO you receive a membership directory. So in March I decided to write NATCO members that lived in Hawaii. When I write, I always include a self-addressed stamped envelope for a reply, I figure this is just a small price to pay for information. I did not receive any replies until May. A gentleman wrote back saying he located one for me. I agreed with the price, so on May 16th I received the Hawaii encasement. Meanwhile in April, I received an Alabama encasement from a Randy Partin auction in NATCO. So now I was down to five states. By writing e-mail and letters I would focus on a couple more states, so back to the NATCO directory. I found no members living in Maine, but two people were listed as Maine token collectors. A collector in Vermont and one in Wisconsin. The person in Vermont had an e-mail address, so I decided to give him a try. He said he had sold his only Maine encasement a couple of months earlier. So finally I wrote the person in Wisconsin. I did not think I would get a Maine encasement from Wisconsin, but I did. The person from Cottage Grove said he had one, and would trade for one from Omaha, since he had relatives in the area. So on May 26th a Belfast, Maine horseshoe encasement from Perry's Nut House arrived. At the same time period of trying to get a Maine encasement I found a person in

NATCO that was in Lingle, Wyoming interested in Wyoming & Nebraska tokens. I thought this might be the place to start for Wyoming. Pay dirt! He had a Chevrolet piece from Torrington, Wyoming, so on May 29th I had three states to go: Mississippi, Utah and New Mexico. My next state I would work on was Utah. NATCO listed eleven members that lived in Utah. I wrote letters to four of them. Finally, a person from Manti, Utah wrote back and said he was making a trade for two encasements and would sell me one. He wrote back again saying he was unable to make the trade, but he was going to a coin show at the end of June and he would try to find me one. On July 2nd I received a Salt Lake City encasement of John Douglas Jewelers/round/1952. Just Mississippi and New Mexico to go. Back to NATCO directory. It listed 3 members in Mississippi and 7 members in New Mexico. I could taste victory. I wrote 10 more letters, and 10 return envelopes, \$6.40 in postage. One person wrote back from Mississippi saying he had an extra Early Chevrolet Co. from Vicksburg, it arrived on the mail on July 30th. Just New Mexico to go. One letter came back because the forwarding address expired. Three others wrote back saying they did not have any, and had hardly seen any. Finally, a man wrote from Peralta, New Mexico wrote saying he had just 3 encasements in 30 years of collecting tokens. One was a duplicate and he would sell it to me. August 10th I finally completed the 50 states when a Belen, NM encasement of the First National

Bank/horseshoe/1950-D came in the mail.

While trying to obtain an encasement from the 50 states, I realized the last few I needed were from states that did not have a large population in the late 40's and 1950's when encasements were more plentiful. So keep this in mind if you try to collect the 50 states.

Fankhauser Fun by Bryan Ryker

Fankhauser Fun is a regular column featuring stories and new information about Fankhauser encased coins. I'm always looking for interesting bits of information about Fankhauser pieces. Sometimes just a little story or memory about a place or a person brings a piece of life. Every one of Earl's pieces has a story if we just knew them.

One of the most interesting stories I've found should have been included in my book but was left out in error by the publisher. It is about Rose Johnson, who had the following piece made by Earl Fankhauser:

**IN-BLU-JO-10 JOHNSON'S
ANTIQUES//327 W. MARKET/
BLUFFTON,IND.**

Rose Johnson ran a high-class antique business out of her massive two-story Victorian home. Visits to her showings were by appointment only. She was also the head bookkeeper at Farmers and Merchants Bank in Bluffton, Indiana. Rose started working there in 1936 when she was 16 years old, and had the trust of everyone at this family-

FANKHAUSER FUN

By Bryan Ryker
con't

owned bank. In 1965, while she was on an extended leave for an operation, her friends tried to be kind by doing some of her work. Instead they found a shortage of \$216,752.47. In a widely-publicized case Rose pleaded guilty to misappropriation of funds. She had been using the money to finance her antique business! They found her home packed from the attic to the basement with rare pieces of glassware, many of exceptional value, which more than covered the loss. The joke was that Rose should have been in charge of investing the bank's money, since her antiques had appreciated much more than the bank's investments.

If you have a story to share, have made any new discoveries, or have questions about Fankhauser encased coins, drop me a line. It's what makes the hobby fun!

Happy hunting!

\$25 REWARD UPDATE

No new pieces have been discovered so far. However one member made me aware that I need to update ACE members on the Typographical errors in my book. I'm aware of just five. For those of you who know computers, three of these errors were caused by copying the data.

Excel added one to the ending number. The errors are:
IN-FWA-BR-70, which ends in 58965, not 58966
IN-FWA-HU-30, which ends in 4439, not 4440
MO-KAC-HE-10, which ends in 1961, not 1962
CA-LAN-HO-10-A and B-, which end in a comma, not a period

I am offering \$25 to buy the first copy of any "new" Fankhauser piece not listed in the book. To qualify the piece must have Earl Fankhauser's name on it and the die work must be different from those listed in the book. While I am very interested in learning of listed pieces with different coins in them, to qualify for the \$25 offer the piece must have different wording or a different arrangement of words than the pieces listed in the book. This offer applies to the first copy of each new piece I receive at the address below (until I get overwhelmed, if ever). In the unlikely event of a tie I'll use the postmark to decide who was first. New discoveries will be reported in The Casement.

So, the search is still on.
There must be more out there!
Good luck, and happy hunting!

End of Club Auction

Auction Rules

Bid any amount even¹ or odd amounts. Do not send money with bids, wait until your winning bids/invoice is received. Bid by lot number. Keep in mind that bids over \$10. will be reduced if under bid allows. (It is better to bid \$10. then \$9.75, the latter will not be reduced. The \$10. bid could very well be reduced. Good Luck.

Note to member auction consignors: Starting with this issue and all subsequent member auctions a 5% charge will be added to all consignments. The income from the 5% will go toward auction expenses, such as postage cost for mailing invoices, copying charges, padded envelopes for mailing winning lots, 2x2's, etc.

Any additional income generated by the consignment charge will go into the club treasury.

Note: Sorry that this issue is about 20 days late due to poor planning on my part, some home improvement projects, a few week-end coin shows and Wisconsin deer hunting. I will try to get on schedule for the Feb. issue so send articles, auction consignments, classified ads, maverick listings, etc., all before Feb. 10. Happy Holidays to all the ACES out there and encourage others to become an ACE. We are up to 150 with about 5 more joining since the 150 was published in this issue. Also, those who requested back issues finally they are on their way. JB

Encased Coin Collector's Club Associated Collectors of Encased (A.C.E.)

Do you collect encased coins? Do you want to get started in collecting encased to go along with your other collecting interests? There are probably 25,000 different encased which means there are plenty of different towns and states to collect. Plenty of different subject areas as well. If you want different denominations, certain dates or different shaped encasements those are possibilities too. If your answer is yes to either of the above questions then you might want to consider joining A.C.E. (Associated Collectors of Encased). Dues are \$7.00 and with that you become a member for the next 12 months. Membership starts the month you pay your dues not January to January or July to July so come on aboard, after all, they say its only half as much fun without you. Once you join you will receive the quarterly journal/newsletter, called The Casement which is sent to members in August, November, February and May. This will enable you to gain information on encased, add to your collection and meet fellow collectors. Within the journal/newsletter are free classified ads, a member auction which is free to consignors, informational articles, a section devoted to identifying mavericks and more. Presently, there are 150 members from 37 states.

To join, fill out this membership application and send it with a check for \$7.00 made out to A.C.E. to: Jerry Binsfeld Box 191 Pleasant Prairie, Wisconsin 53158
